

# St Catherine's

RESIDENTIAL CARE, GRAFTON

## A community with a warm heart

St Catherine's has a strong connection with the local community, and now newly redeveloped, residents will experience superior living and the highest standards in quality care and clinical excellence.

An internal streetscape creates a central and safe space where visitors and residents can enjoy the shared community space. Privacy is provided with internal living spaces that provide residents with an environment that fosters comfort, familiarity, engagement, and overall well-being. Centred around an existing mature fig tree, the home respects its long history in the community while providing space for new growth.

Our unique Model of Care and Engagement ensures residents' needs are met by a team of skilled and knowledgeable staff which include Registered Nurses and dedicated Care Staff, a qualified Chef, Physiotherapist and Recreation and Engagement staff.

*St Catherine's Residential Care is nestled in the regional town of Grafton with a renowned reputation for quality care and local resident engagement.*

## Your private sanctuary

Light-filled, generously sized, private single suites feature ensuite bathrooms designed to create an environment that delivers comfort and privacy. All that's required is for a resident to give their room a personal touch with photos, mementos, and artwork.

## Part of the family

Contact with loved ones is vital for a resident's health and well-being, and we'd like family and friends also to feel part of our extended family. Visitors are always warmly welcomed.

## Unique community design

- Kitchen, lounge room, dining areas, and shared spaces including a library, and quiet sitting areas.
- Garden and streetscape, with raised garden beds, chook run, exercise equipment, play spaces for visitors, and more.
- Resident spa room for hairdressing and beauty services.
- Workshop, BBQ, and activities spaces for resident and community engagement to thrive.
- Spacious and personal King Single ensuite rooms.
